3. DESCRIPTION OF SERVICES

3.1. Wide Area ("WATS") and Message ("MTS") Toll Services

3.1.1. The Company offers WATS and MTS interstate interexchange long distance service utilizing switched or dedicated access arrangements between the Customers Premises and the Company's facilities for call origination. Call termination is completed through a combination of Company facilities and LEC switched access arrangements.

3.2. Switched Inbound Service

3.2.1. Switched inbound service permits inward calling (via 800 codes) to a specific location utilizing premium switched, Feature Group D access on both ends.

3.3. Switched Outbound Service

3.3.1. Switched outbound services permits outward calling utilizing premium switched Feature Group D access on both the originating and terminating ends.

3.4. Dedicated Inbound Service

3.4.1. Dedicated inbound service permits inward calling (via 800 codes) to a specific location featuring the use of a dedicated, special access type connection on the terminating end. The Customer shall be responsible for all LEC charges in addition to the Recurring, Non-recurring and Usage charges set forth hereinafter.

3.5. Dedicated Outbound Service

3.5.1. Dedicated outbound service permits outward calling to stations in diverse service areas. Dedicated outbound service is distinguished from other services by the existence of a dedicated, special access connection on one end. The Customer shall be responsible for all LEC charges in addition to the Recurring, Non-recurring and Usage charges set forth hereinafter.

3.6. Calling Card Service

3.6.1. The Company's Calling Card Service permits Customers to place long distance calls utilizing Company issued Calling Cards for billing purposes.

3.7. Timing of Calls

- 3.7.1. Long distance usage charges are based on the actual usage of the Company network. Chargeable time begins when a connection is established between the Calling Station and the Called Station. Chargeable time ends when either party "hangs up" thereby releasing the network connection.
- 3.7.2. Unless otherwise specified in this Tariff, the minimum call duration for billing purposes is sixty (60) seconds. In addition, unless otherwise specified in this Tariff, usage is measured thereafter in sixty (60) second increments and rounded to the next higher sixty (60) second period.

3.8. Minimum Call Completion Rate

- 3.8.1. A Customer can expect a call completion rate of not less than 90% during peak use periods for all Feature Group D Access Services.

4.11. Payphone Use Service Charge

- 4.11.1. A Payphone Use Service Charge applies to each completed interLATA and intraLATA non-sent paid message made over a pay phone owned by a utility or Customer Owned Pay Telephone (COPT) Service. This includes calling card service, collect calls, calls billed to a third number, completed calls to Directory Assistance and Prepaid Card Service calls. This charge is collected on behalf of the pay phone owner. All Customers will pay the Company a per call service charge of \$0.35.

4.12. Universal Connectivity Charge

- 4.12.1. Services provided pursuant to this tariff are subject to an undiscountable monthly Universal Connectivity Charge. This monthly service charge is equal to 6.9% of the Customer's total net interstate and international charges, after application of all applicable discounts and credits.

- 4.12.1.A. The Company will waive the Universal Connectivity Charge with respect to specifically identified Company charges to the extent that the Customer demonstrates to the Company's reasonable satisfaction that:

1. the Customer has filed a Universal Service Worksheet with the Universal Service Administrator covering the twelfth month prior to the month for which the Customer seeks the waiver (i.e., to be eligible for a Waiver in February 1998, the Customer must have filed a Universal Service Worksheet with the Universal Service Administrator covering February 1997);
2. the charges with respect to which the waiver is sought are for services purchased by Customer for resale; and
3. the Customer will file a Universal Service Worksheet with the Universal Service Administrator in which the reported billed revenues will include all billed revenues associated with the Customer's resale of services purchased from the Company.

- 4.12.1.B. The Universal Connectivity Charge will not be waived with respect to:

1. charges for services purchased by the Customer for its own use as an end user; or
